The Scientific Article in the Age of Digitization John Mackenzie Owen, 2006-11-18 This book outlines the consequences of digitization for peer-reviewed research articles published in electronic journals. It is argued that digitization will revolutionize scientific communication. However, this study shows that this is not the case where scientific journals are concerned. Authors make little use of the possibilities offered by the digital medium; electronic peer review procedures have not replaced traditional ones, and users have not embraced new forms of interaction offered by some electronic journals.

Grammar-writing Connections Tom Cole, 2009 Grammar-Writing Connections teaches intermediate students the grammar items and structures that will give a more literate and natural sound to their writing. Unlike most other textbooks that are available, Grammar-Writing Connections goes beyond teaching the writing process so as to provide instruction on the grammatical tools necessary to produce good writing. Grammar-Writing Connections reviews the grammar and common writing mistakes and then teaches grammar- and writing-related vocabulary and structures. Each unit features a variety of original exercises for practicing the grammar and includes in-class or at-home activities plus a longer writing assignment. The book is accompanied by the CD-ROM *ESL Baseball and Other Games*. The CD-ROM offers software that provides additional practice directly correlated to, but not repetitive of, the text. The software is not sold separately. This textbook is also sold individually (978-0-472-03309-6).
