**The Scientific Article in the Age of Digitization** John Mackenzie Owen,2006-11-18 This book outlines the consequences of digitization for peer-reviewed research articles published in electronic journals. It is argued that digitization will revolutionize scientific communication. However, this study shows that this is not the case where scientific journals are concerned. Authors make little use of the possibilities offered by the digital medium; electronic peer review procedures have not replaced traditional ones, and users have not embraced new forms of interaction offered by some electronic journals.

**Writing Your Journal Article in Twelve Weeks** Wendy Laura Belcher,2009-01-20 This book provides you with all the tools you need to write an excellent academic article and get it published.

*Grammar-writing Connections* Tom Cole,2009 Grammar-Writing Connections teaches intermediate students the grammar items and structures that will give a more literate and natural sound to their writing. Unlike most other textbooks that are available, Grammar-Writing Connections goes beyond teaching the writing process so as to provide instruction on the grammatical tools necessary to produce good writing. Grammar-Writing Connections reviews the grammar and common writing mistakes and then teaches grammar- and writing-related vocabulary and structures. Each unit features a variety of original exercises for practicing the grammar and includes in-class or at-home activities plus a longer writing assignment. The book is accompanied by the CD-ROM ESL Baseball and Other Games. The CD-ROM offers software that provides additional practice directly correlated to, but not repetitive of, the text. The software is not sold separately. This textbook is also sold individually (978-0-472-03309-6).

**Doctoral Writing** Susan Carter,Cally Guerin,Claire Aitchison,2020-01-01 This book on doctoral writing offers a refreshingly new approach to help Ph.D. students and their supervisors overcome the host of writing challenges that can make—or break—the dissertation process. The book's unique contribution to the field of doctoral writing is its style of reflection on ongoing, lived practice; this is more readable than a simple how-to book, making it a welcome resource to support doctoral writing. The experiences and practices of research writing are explored through bite-sized vignettes, stories, and actionable 'teachable' accounts.*Doctoral Writing: Practices, Processes and Pleasures* has its origins in a highly successful academic blog with an international following. Inspired by the popularity of the blog (which had more than 14,800 followers as of October 2019) and a desire to make our six years' worth of posts more accessible, this book has been authored, reworked, and curated by the three editors of the blog and reconceived as a conveniently structured book.

How to Read Journal Articles in the Social Sciences Phillip C. Shon,2015-07-20 Lecturers, request your electronic inspection copy here This superb guide teaches you how to read critically. *The First Glot International State-of-the-Article Book* Lisa Cheng,Rint Sybesma,2014-10-09 The Glot International State-of-the-Article books constitute the ideal solution for everyone who wants to have a good idea of what the others are doing but does not have time to follow the developments in all other parts of the field on a day to day basis. All articles were previously published in Glot International and have been revised and updated, and special attention was given to the extensive bibliography, which constitutes an important part of each overview article. Among the essays in the first volume are overview articles dealing with VP ellipsis (by Kyle Johnson), Ergativity (by Alana Johns), tone (by San Duanmu), acquisition of phonology (by Paula Fikkert), and semantic change (by Elizabeth Closs Traugott). The second volume offers articles on subjects ranging from the development of grammars (by David Lightfoot) and markedness in phonology (by Keren Rice) to the syntactic representation of linguistic events (by Sara Thomas Rosen), optionality in Optimality syntax (by Gereon Müller) and the nature of coordination (by Ljiljana Progovac).
