Beverly Daniel Tatum

Why Are All the Black Kids Sitting Together in the Cafeteria? Beverly Daniel Tatum, 2017-09-05 The classic, New York Times-bestselling book on the psychology of racism that shows us how to talk about race in America. Walk into any racially mixed high school and you will see Black, White, and Latino youth clustered in their own groups. Is this self-segregation a problem to address or a coping strategy? How can we get past our reluctance to discuss racial issues? Beverly Daniel Tatum, a renowned authority on the psychology of racism, argues that straight talk about our racial identities is essential if we are serious about communicating across racial and ethnic divides and pursuing antiracism. These topics have only become more urgent as the national conversation about race is increasingly acrimonious. This fully revised edition is essential reading for anyone seeking to understand dynamics of race and racial inequality in America.

Stonewall: A Building. An Uprising. A Revolution Rob Sanders, 2019-04-23 Celebrate Pride every day with the very first picture book to tell of its historic and inspiring role in the gay civil rights movement, from the author of the acclaimed *Pride: The Story of Harvey Milk and the Rainbow Flag*. A powerful and timeless true story that will allow young readers to discover the rich and dynamic history of the Stonewall Inn and its role in the LGBTQ+ civil rights movement--a movement that continues to this very day. In the early-morning hours of June 28, 1969, the Stonewall Inn was raided by police in New York City. Though the inn had been raided before, that night would be different. It would be the night when empowered members of the LGBTQ+ community--in and around the Stonewall Inn--began to protest and demand their equal rights as citizens of the United States. Movingly narrated by the Stonewall Inn itself, and featuring stirring and dynamic illustrations, *Stonewall: A Building. An Uprising. A Revolution* is an essential and empowering civil rights story that every child deserves to hear.

Who's Afraid of Post-Blackness? Touré, 2011-09-13 How do we make sense of what it means to be Black in a world with room for both Michelle Obama and Precious? Touré, an iconic commentator and journalist, defines and demystifies modern Blackness with wit, authority, and irreverent humor. In the age of Obama, racial attitudes have become more complicated and nuanced than ever before. Americans are searching for new ways of understanding Blackness, partly inspired by a President who is unlike any Black man ever seen on our national stage. This book aims to destroy the notion that there is a correct or even definable way of being Black. It's a discussion mixing the personal and the intellectual. It gives us intimate and painful stories of how race and racial expectations have shaped Touré's life as well as a look at how the concept of Post-Blackness functions in politics, psychology, the Black visual arts world, Chappelle's Show, and more. For research Touré has turned to some of the most important luminaries of our time for frank and thought-provoking opinions, including Rev. Jesse Jackson, Henry Louis Gates Jr., Cornel West, Michael Eric Dyson, Melissa Harris-Lacewell, Malcolm Gladwell, Harold Ford, Jr., Kara Walker, Kehinde Wiley, Chuck D, and many others. Their comments and disagreements with one another may come as a surprise to many readers. Of special interest is a personal racial memoir by the author in which he depicts defining moments in his life when he confronts the question of race head-on. In another chapter—sure to be controversial—he explains why he no longer uses the word “nigga.” *Who's Afraid of Post-Blackness?* is a complex conversation on modern America that aims to change how we perceive race in ways that are as nuanced and spirited as the

nation itself.

Difference Matters Brenda J. Allen,2010-07-19 Allens proven ability and flare for presenting complex and oftentimes sensitive topics in nonthreatening ways carry over in the latest edition of Difference Matters. Her down-to-earth analysis of six social identity categories reveals how communication establishes and enacts identity and power dynamics. She provides historical overviews to show how perceptions of gender, race, social class, sexuality, ability, and age have varied throughout time and place. Allen clearly explains pertinent theoretical perspectives and illustrates those and other discussions with real-life experiences (many of which are her own). She also offers practical guidance for how to communicate difference more humanely. While many examples are from organizational contexts, readers from a wide range of backgrounds can relate to them and appreciate their relevance. This eye-opening, vibrant text, suitable for use in a variety of disciplines, motivates readers to think about valuing difference as a positive, enriching feature of society. Interactive elements such as Spotlights on Media, I.D. Checks, Tool Kits, and Reflection Matters questions awaken interest, awareness, and creative insights for change.

Learning to Curse Stephen Greenblatt,2012-08-21 Stephen Greenblatt argued in these celebrated essays that the art of the Renaissance could only be understood in the context of the society from which it sprang. His approach - 'New Historicism' - drew from history, anthropology, Marxist theory, post-structuralism, and psychoanalysis and in the process, blew apart the academic boundaries insulating literature from the world around it. Learning to Curse charts the evolution of that approach and provides a vivid and compelling exploration of a complex and contradictory epoch.

Critical Dilemma Neil Shenvi,Pat Sawyer,2023-10-03 Where Are Critical Theory and the Social Justice Movement Taking Us? Critical theory and its expression in fields such as critical race theory, critical pedagogy, and queer theory are having a profound impact on our culture. Contemporary critical theory's ideas about race, class, gender, identity, and justice have dramatically shaped how people think, act, and view one another—in Christian and secular spheres alike. In Critical Dilemma, authors Neil Shenvi and Pat Sawyer illuminate the origins and influences of contemporary critical theory, considering it in the light of clear reason and biblical orthodoxy. While acknowledging that it can provide some legitimate insights regarding race, class, and gender, Critical Dilemma exposes the false assumptions at the heart of critical theory, arguing that it poses a serious threat to both the church and society at large. Drawing on exhaustive research and careful analysis, Shenvi and Sawyer condemn racism, urge Christians to seek justice, and offer a path forward for racial healing and unity while also opposing critical theory's manifold errors.

Can We Talk about Race? Beverly Tatum,2008-04-01 Major new reflections on race and schools—by the best-selling

author of “Why Are All the Black Kids Sitting Together in the Cafeteria?” A Simmons College/Beacon Press Race, Education, and Democracy Series Book Beverly Daniel Tatum emerged on the national scene in 1997 with “Why Are All the Black Kids Sitting Together in the Cafeteria?,” a book that spoke to a wide audience about the psychological dynamics of race relations in America. Tatum’s unique ability to get people talking about race captured the attention of many, from Oprah Winfrey to President Clinton, who invited her to join him in his nationally televised dialogues on race. In her first book since that pathbreaking success, Tatum starts with a warning call about the increasing but underreported resegregation of America. A self-described “integration baby”—she was born in 1954—Tatum sees our growing isolation from each other as deeply problematic, and she believes that schools can be key institutions for forging connections across the racial divide. In this ambitious, accessible book, Tatum examines some of the most resonant issues in American education and race relations: • The need of African American students to see themselves reflected in curricula and institutions • How unexamined racial attitudes can negatively affect minority-student achievement • The possibilities—and complications—of intimate crossracial friendships Tatum approaches all these topics with the blend of analysis and storytelling that make her one of our most persuasive and engaging commentators on race. *Can We Talk About Race?* launches a collaborative lecture and book series between Beacon Press and Simmons College, which aims to reinvigorate a crucial national public conversation on race, education and democracy.

Whiteness Interrupted Marcus Bell, 2021-06-28 In *Whiteness Interrupted* Marcus Bell presents a revealing portrait of white teachers in majority-black schools in which he examines the limitations of understandings of how white racial identity is formed. Through in-depth interviews with dozens of white teachers from a racially segregated, urban school district in Upstate New York, Bell outlines how whiteness is constructed based on localized interactions and takes a different form in predominantly black spaces. He finds that in response to racial stress in a difficult teaching environment, white teachers conceptualized whiteness as a stigmatized category predicated on white victimization. When discussing race outside majority-black spaces, Bell's subjects characterized American society as postracial, in which race seldom affects outcomes. Conversely, in discussing their experiences within predominantly black spaces, they rejected the idea of white privilege, often angrily, and instead focused on what they saw as the racial privilege of blackness. Throughout, Bell underscores the significance of white victimization narratives in black spaces and their repercussions as the United States becomes a majority-minority society.

Shaping Social Identities After Violent Conflict Felicia Pratto, Iris Žeželj, Edona Maloku, Vladimir Turjačanin, Marija Branković, 2017-12-13 This book examines the identities of young adults in Bosnia-Herzegovina, Serbia, Kosovo, and

Macedonia. With research drawn from a large multidisciplinary project exploring a potential for reconciliation in post-conflict societies, the authors discuss the interplay between ethnic, religious and national identities that have been the source of recent violent conflicts. They focus on people aged 18-30, representing generations that are socialized after the wars, but live in ethnically divided societies burdened with a difficult history. Another aim of the project was to compare majority and minority perspectives within each country, and to provide a unique view on how to reinterpret and build more inclusive social identities. Scholars and organizations interested in areas of social psychology, political science and sociology will find this research of great value.

Handbook of Research on Diversity and Social Justice in Higher Education Keengwe, Jared, 2020-05-22 There is growing pressure on teachers and faculty to understand and adopt best practices to work with diverse races, cultures, and languages in modern classrooms. Establishing sound pedagogy is also critical given that racial, cultural, and linguistic integration has the potential to increase academic success for all learners.
