PHADTARE,2010-10-04 Primarily intended for the postgraduate students of commerce and management, this compact text covers all the topics prescribed in almost all universities and autonomous institutes in India. Each concept is explained with the help of many real-life examples from the Indian context. Considering the fact that the understanding of the concept of strategic intent is prerequisite to the understanding of strategic management, the chapter on strategic intent is included which brings out the differences between various elements of strategic intent. It also covers the current happenings in the businesses from the Indian context. Similarly, a topic on strategic choice has been discussed at length because of the fact that BCG growth-share matrix and GE nine-cell matrix are extremely useful in making a strategic decision in real life. Besides, the book contains ten case studies on various topics of strategic management such as environmental appraisal, critical success factors, SWOT analysis, strategic intent, strategic choice, business level strategy formulation and choice of growth strategy. All these cases are provided with authentic industry specific data. Firms are chosen from different businesses thereby giving business-specific flavour and a broad understanding of various business domains.

Blackout Kulsum Yasmin, “Blackout depicts the pain and stories of the souls, the emotions they carry, the words craving to be heard and their vulnerabilities of the lives that they share. This book is a listener to all those who think there is no one to listen to their pain and sufferings, the screams which aren't heard, the agony they want to bring out. There are often those feelings of depression that one often battles with their anxiety and fear which engulfs us with sadness and grief. Their sorrow one mourns upon as the heart cries those untold voices are being brought together in this anthology. Life can be beautifully crafted sometimes with sprinklings of pain and misery to make us realize the importance of happiness and gratefulness which once manifested, make it all worth the wait. It's hence an anthology where co-authors have expressed their feelings through the pieces they tenderly, carefully, crafted. The book is a result of the efforts of every co-author involved in it.

Breathtaking Ph. D Holmes-Eber, Lorenz Eber, 2022-06-15 Geared up with two tents, six panniers, two tandem bicycles and one stuffed pink pig, Paula and Lorenz Eber set off from Seattle, Washington to cycle the world with their two daughters, eleven-year old Yvonne, and her thirteen year old sister, Anya. Their dream: to pedal in a complete circle around the world using a carbon free, environmentally friendly way to travel. Their goal: to raise awareness of asthma – a disease that Paula has suffered from her entire life – and the world's desperate need for clean air. Breathtaking is the exciting and inspiring true story of their adventures. Readers follow the Ebers across Europe, Asia, the South Pacific and North America as they raise their daughters around the globe. School is conducted outdoors on mountaintops. The responsibilities of parenting have been expanded to include hunting for an English copy of the latest Harry Potter book. And family togetherness takes on a new meaning as the Ebers must work together to survive a 100-degree heat wave in Italy, drug smugglers in Russia, a broken foot in New Zealand and a tornado in the U.S. Yet, as the family pedals farther and farther away from home, they realize that the greatest challenge they face is the journey that they must undergo within themselves. The Ebers returned home twenty-four countries and 14,931 km (9,332 miles) later – raising \$65,000 for the non-profit organization, World Bike for Breath. They spoke about clean air and asthma to more than 150 newspapers, magazines, and TV stations, including Time for Kids, NPR, and PBS's Roadtrip Nation. They are the only family on record to complete a full circumnavigation of the world by bicycle.

More Journeys of a Lifetime Len Coates, 2013-07-25 When I wrote my first book, Journeys of a Lifetime, in 2004, it reflected how dreams of mine, of visiting unknown places in the United Kingdom, countries across the North Sea in Europe, and seemingly far off continents of America, Africa, Asia, and Australia became reality. That was mainly due to the advent of air travel, package holidays, and the massive growth of international travel in the second half of the twentieth century. Nine years on from that book, my traveling has continued, and in that time, having seen the arrival of grandchildren, naturally they have joined in some of the journeys. Although places visited in that time include some return trips to old favorites, this book reflects only the new places visited. In particular India, the Middle East, the Far East, and nearer home Eastern Europe, all are featured more this time. Also, as we now have an Aussie part of the family, naturally Australia is also a regular destination. Although the United Kingdom is much smaller in area than the others, it is packed with wonderful places to visit, so trips at home are still often on the itinerary. In addition, cruising has taken off in the last decade a bit like package deals to Europe did in the 1960s and has added a new dimension to the journeys made. Cruises are featured several times in this book. More Journeys of a Lifetime reflects the further growth in long-haul travel and the massive increase of cruising. Hope you enjoy my further travels around this small world of ours, going on from those early dreams of mine and continuing to do so!
