*Vivaldi's Music for Flute and Recorder* Michael Talbot, 2017-07-05 Federico Maria Sardelli writes from the perspective of a professional baroque flautist and recorder-player, as well as from that of an experienced and committed scholar, in order to shed light on the bewildering array of sizes and tunings of the recorder and transverse flute families as they relate to Antonio Vivaldi's compositions. Sardelli draws copiously on primary documents to analyse and place in context the capable and surprisingly progressive instrumental technique displayed in Vivaldi's music. The book includes a discussion of the much-disputed chronology of Vivaldi's works, drawing on both internal and external evidence. Each known piece by him in which the flute or the recorder appears is evaluated fully from historical, biographical, technical and aesthetic standpoints. This book is designed to appeal not only to Vivaldi scholars and lovers of the composer's music, but also to players of the two instruments, students of organology and those with an interest in late baroque music in general. Vivaldi is a composer who constantly springs surprises as, even today, new pieces are discovered or old ones reinterpreted. Much has happened since Sardelli's book was first published in Italian, and this new English version takes full account of all these new discoveries and developments. The reader will be left with a much fuller picture of the composer and his times, and the knowledge and insights gained from minutely examining his music for these two wind instruments will be found to have a wider relevance for his work as a whole. Generous music examples and illustrations bring the book's arguments to life.

Antonio Vivaldi - The Four Seasons, Complete Antonio Vivaldi, 2017-12-17 The four seasons were composed by Antonio Vivaldi, an Italian composer. These are four violin concertos that give musical expression to the seasons of the year. It was published as 'Il cimento dell'armonia e dell'inventione' (The contest between Harmony and Invention). The compositions were a revolution in musical concepts, each concerti included sonnets (poems possibly written by Vivaldi), and in his work he demonstrated musical representation of singing birds, buzzing flies, barking dogs, storms, landscapes, and warm winter fires. The Four Seasons: Violin Concerto No. 1 in E major, RV 269 'La primavera' (Spring) I. Allegro II. Largo III. Danza pastorale Violin Concerto No. 2 in G minor, RV 315 'L'estate' (Summer) I. Allegro non molto II. Adagio e piano - Presto e forte

III. Presto Violin Concerto No. 3 in F major, RV 293 'L'autunno' (Autumn) I. Allegro II. Adagio molto III. Allegro Violin Concerto No. 4 in F minor, RV 297 'L'inverno' (Winter) I. Allegro non molto II. Largo III. Allegro These four violin concertos have been arranged for the piano. The sonnets are included before each concerto, and I hope you enjoy getting to know the perfect harmony between music and poetry.

Delphi Masterworks of Antonio Vivaldi (Illustrated) Antonio Vivaldi,Peter Russell,2018-11-10 The Italian composer and violinist Antonio Vivaldi left a decisive mark on the form of the concerto, influencing the emerging style of late Baroque music. In spite of his widespread popularity today, Vivaldi was largely forgotten after death and his reputation was only re-established in the 1920's. Vivaldi's greatest contribution to the history of classical music was his development of the ritornello form, where recurrent restatements of a refrain alternate with further episodic passages by a solo instrument,

allowing for greater depth of virtuosic display. The passion and lyricism of Vivaldi's music would have a lasting impact on Baroque and Classical-era composers. Delphi's Great Composers Series offers concise illustrated guides to the life and works of our greatest composers. Analysing the masterworks of each composer, these interactive eBooks include links to popular streaming services, allowing you to listen to the pieces of music you are reading about. Evaluating the masterworks of each composer, you will explore the development of their works, tracing how they changed the course of music history. Whether a classical novice or a cultivated connoisseur, this series offers an intriguing overview of the world's most famous and iconic compositions. This volume presents Vivaldi's masterworks in succinct detail, with informative introductions, accompanying illustrations and streaming links. (Version 1) \* Concise and informative overview of Vivaldi's masterworks \* Learn about the classical pieces that made Vivaldi a celebrated composer \* Links to popular streaming services (free and paid), allowing you to listen to the masterpieces you're reading about \* Features a special 'Complete Compositions' section, with an index of Vivaldi's complete extant works and links to popular streaming services \* Links to rare works recently rediscovered Please note: due to the relative recent obscurity of Vivaldi's reputation, which was only restored in the mid-twentieth century, we are sadly unable to provide our usual range of bonus texts of biographies, critical essays or letters. The Alphorn through the Eyes of the Classical Composer Frances Jones, 2021-04-06 'The Alphorn through the Eyes of the Classical Composer' is the first and definitive book to be written about the alphorn in English. It has been written with English-speaking readers in mind, as it examines the extensive interest of primarily non-Swiss composers, writers and artists in the alphorn as a symbol of the Alps, the influence and significance of the alphorn in culture, literature and the arts across the globe, and the ways in which the instrument has been specifically utilised by the Swiss as the iconic representation of their country. This book also explores the use of the musical language of the alphorn call, to ascertain why and how such references as those of Berlioz or Beethoven can convey so much meaning. Dr Jones seeks out what it is that a composer brings into the concert hall, the theatre, the opera house, the church, or the drawing room by such a quotation, to what heritage they are referring, and upon what basis there are grounds for an assumption that such a reference will be understood by an audience. The book, which will be of interest to researchers in Swiss cultural studies and ethnomusicology, builds on Dr Jones's research and PhD thesis. The six chapters deal with a variety of topics, including a basic introduction to

the alphorn and an exploration of the promotion of the instrument as the symbol of Switzerland, as well as the reasons behind symbolic references to alphorn motifs by European and British composers in concert repertoire, jazz and film.

*Benigno Zerafa (1726-1804) and the Neapolitan Galant Style* Frederick Aquilina, 2016 This book is the first-ever study of Malta's major eighteenth-century composer, Benigno Zerafa (1726 - 1804), a specialist in sacred music composition. This book is the first-ever study of Malta's major eighteenth-century composer, Benigno Zerafa (1726-1804), a specialist in sacred music composition. Zerafa's large-scale and small-scale vocal and choral works, mostly written during his long service as musical director at the Cathedral of Mdina, have been winning increased recognition in recent years. In addition to describing and analysing this extensive corpus, the book gives an account of Zerafa's sometimes eventful career against the wider background of the rich musical and cultural life in Malta, especial attention being paid to its strong links with Italy, and particularly Naples, where Zerafa was a student for six years. It examines in detail the complex relationship of music to Catholic liturgy and investigates the distinctive characteristics of the musical style, intermediate between baroque and classical, in which Zerafa was trained and always composed: one that today is commonly labelled galant. Well stocked with music examples, the book makes copious reference to Italian and Maltese composers from Zerafa's time and to modern analytical studies of Italian music from the middle decades of the eighteenth century, thereby offering a useful general commentary on the galant period. Its central aim, however, is to stimulate further interest in, and revival of, Zerafa's music. To this end the book contains a complete work-list with supplementary indexes. Scholars and students of eighteenth-century music, in particular sacred music, the galant style and Italian music, will find it invaluable. FREDERICK AQUILINA is Senior Lecturer in Music Studies at the University of Malta.

Each piece is accompanied by a paragraph or two of musical context, and the book also includes 24 short essays on the evolution of musical style, drawn from Marilyn's decades as a Professor of Music History. In addition to music of the Renaissance, Baroque, Classical, Romantic, and 20th Century, Marilyn includes contemporary pieces by some of her favorite composers writing today. **Music Borrowing and Copyright Law** Enrico Bonadio, Chen Wei Zhu, 2023-10-19 This ground-breaking book examines the multifaceted dynamics between copyright law and music borrowing within a rich diversity of music genres from across the world. It evaluates how copyright laws under different generic conventions may influence, or are influenced by, time-honoured creative borrowing practices. Leading experts from around the world scrutinise a carefully selected range of musical genres, including pop, hip-hop, jazz, blues, electronic and dance music, as well as a diversity of region-specific genres, such as Jamaican music, River Plate Tango, Irish folk music, Hungarian folk music, Flamenco, Indian traditional music, Australian indigenous music, Maori music and many others. This genre-conscious analysis builds on a theoretical section in which musicologists and lawyers offer their insights into fundamental issues concerning music genre categorisation, the typology of music borrowing and copyright law's ontological struggle with musical borrowing in theory and practice. The chapters are threaded together by a central theme, ie, that the cumulative nature of music creativity is the result of collective bargaining processes among many 'musicking' parties that have socially constructed creative music authorship under a rich mix of generic conventions.
