AP Spanish Jose Diaz, Margrita Leicher-Prieto, Glenn Nadlebach, 1989-12-12 [The book] is intended to meet the need for a text to accompany the Advanced Placement Spanish Lanugae course. The overall goal ... is to prepare students to perform at a high level of proficiency in the four basic language skills: listening, speaking, reading and writing. Upon completing the course, students are expected to be able to comprehend formal and informal Spanish, and also speak, read and write cohesively and precisely at the third-year college level. [The authors] have attempted to create a series of exercises that will both meet the general objectives of the course and help the students prepare for the Advanced Placement examination ... Although geared primarily to the AP course and examination, the book is also intended to provide an opportunity for advanced learning. The exercises are desgined not only to review and reinforce students' knowledge, but also to increase their vocabulary and sharpen their grammatical skills. [The book] can be used as a complementary text in any advanced course in Spanish.-Intro.

Technology and the Character of Contemporary Life Albert Borgmann, 2009-08-14 Blending social analysis and philosophy, Albert Borgmann maintains that technology creates a controlling pattern in our lives. This pattern, discernible even in such an inconspicuous action as switching on a stereo, has global effects: it sharply divides life into labor and leisure, it sustains the industrial democracies, and it fosters the view that the earth itself is a technological device. He argues that technology has served us as well in conquering hunger and disease, but that when we turn to it for richer experiences, it leads instead to a life dominated by effortless and thoughtless consumption. Borgmann does not reject technology but calls for public conversation about the nature of the good life. He counsels us to make room in a technological age for matters of ultimate concern—things and practices that engage us in their own right.

Free Voluntary Reading Stephen D. Krashen, 2011-05-18 An eye-opening look at the latest research findings about the

success of free voluntary reading in developing high levels of literacy. Free voluntary reading looks better and more powerful than ever. Stephen D. Krashen, PhD, is an advocate for free voluntary reading in schools and has published many journal articles on the subject. *Free Voluntary Reading: Power 2010* collects the last ten years of his extensive work and reconsiders all aspects of this important debate in light of the latest findings. The book provides an accessible examination of topics, such as free voluntary reading's value in language and literary acquisition domestically and worldwide, recent developments in support of free voluntary reading, whether rewards-based programs benefit the development of lifelong reading, the value of phonics in reading instruction, and trends in literacy in the United States.

...y no se lo tragó la tierra / ...And the Earth Did Not Devour Him Tomás Rivera, 2015-09-30 "I tell you, God could care less about the poor. Tell me, why must we live here like this? What have we done to deserve this? You're so good and yet you suffer so much," a young boy tells his mother in Tomás Rivera's classic novel about the migrant worker experience. Outside the chicken coop that is their home, his father wails in pain from the unbearable cramps brought on by sunstroke after working in the hot fields. The young boy can't understand his parents' faith in a god that would impose such horrible suffering, poverty and injustice on innocent people. Adapted into the award-winning film *...and the earth did not swallow him* and recipient of the first award for Chicano literature, the Premio Quinto Sol, in 1970, Rivera's masterpiece recounts the experiences of a Mexican-American community through the eyes of a young boy. Forced to leave their home in search of work, the migrants are exploited by farmers, shopkeepers, even other Mexican Americans, and the boy must forge his identity in the face of exploitation, death and disease, constant moving and conflicts with school officials. In this new edition of a powerful novel comprised of short vignettes, Rivera writes hauntingly about alienation, love and betrayal, man and nature, death and resurrection and the search for community.
