_unbanked American households hit record low numbers in 2021__
The number of American households that were unbanked last year dropped to its lowest level since 2009. This dip is partly due to people opening accounts to receive financial assistance during the pandemic.

**Aluminium**

Aluminium visually resembles silver both in its color and in its great ability to reflect light. It is soft, non-magnetic, and ductile. It has one stable isotope, $^{27}$Al, which is very common, making aluminium the twelfth most common element in the universe. The radioactivity of $^{26}$Al is used in radiodating.

**Aye Ayes**

Aye ayes use their long skinny middle fingers to pick their noses and eat the mucus. These animals are preparing for the next pandemic and what the future holds for science in China.
