More than just a reservoir of events, the Akashic Records contain every deed, word, feeling, thought, and intent that has ever occurred at any time in the history of the world. Edgar Cayce on Vibrations Kevin J. Todeschi,2007-06 Science caught up with the psychic readings of Edgar Cayce when it proved that all of materiality - consisting of atoms and therefore protons, neutrons, and electrons - is energy in motion. Everything is a vibration. Even the body's five senses operate through the use of vibrations. The Cayce readings suggested that vibrations were also associated with healing, consciousness, and even locations. In fact, the Cayce information presents the premise that all of life in every dimension is actually just different manifestations of the One Force - the Force that moved all of Creation into being. Therefore, all vibration is ultimately that One Force manifesting in the material world in a variety of ways. Todeschi's latest title explores how everything from consciousness to the material is connected to vibration, and how we continue to create and shape our world through the vibrations all around us. Vibrations are essentially spirit in motion and our thoughts and actions affect our life and the way we are living.

Edgar Cayce's ESP Kevin J. Todeschi,2008-08-14 One of the most remarkable stories of the twentieth century about one of the most incredible men who ever lived: Edgar Cayce, a Kentucky farm boy whose psychic powers healed thousands, touched countless lives, and inspired the dawn of the New Age. For more than forty years, Edgar Cayce (1877-1945), the 'sleeping prophet,' regularly exhibited an astonishing psychic ability. From an altered state, he was able to read minds and souls, diagnose thousands of illnesses, successfully prescribe remedies, see into the past and the future, and tap into a source of universal knowledge where such information resides--a source Cayce said is available to us all. For anyone who has heard of Edgar Cayce--and his name is familiar to millions--here is a concise, reliable, immensely readable introduction to his life, work, and message. In *Edgar Cayce's ESP*, his story is told by writer Kevin Todeschi, an authority on Cayce's work and the director of the popular educational organization Cayce founded, the Association for Research and Enlightenment. Drawing upon more than 14,000 case histories and readings, Todeschi presents a wealth of proof of Cayce's psychic abilities and the effects they had on the lives of his contemporaries. Todeschi focuses especially on the character of the modest, generous Cayce himself, a man who started out in life as a sensitive, Bible-reading Kentucky farm boy and who grew up to become an unlikely prophet of the New Age and the most famous psychic in American history.

Akashic Records Robert Galen Chaney,1996

The Lost Teachings of Atlantis Jon Peniel,1997-07-06 This is the account of an American teenager who discovered a monastery in Tibet that was the inspiration for the legend of Shangri La. It might be categorized as a 'new age' or philosophy book, like the Celestine Prophecy, since it focuses on his spiritual training and their teachings in a novel-like format. Hard to believe, but interestingly, the sub-tropical region amongst the Himalayas that he describes finding, was later documented by explorers from National Geographic, then 'covered up' (there is still evidence of this). Also interesting is that the author was apparently mentioned in the Edgar Cayce readings (the famous American psychic whose books have sold millions of copies), as someone who would one day bring an important message to the world.

Edgar Cayce on Soul Symbolism Kevin J. Todeschi,2015-02-14 Edgar Cayce, the most documented psychic of all time, recommended exploring three tools for personal symbolism that would assist in personal growth and enlightenment: Creating Life Seals, Creating Aura Charts, and Understanding the Book of Revelation. From Cayce's perspective, a Life Seal is a personal mandala that can be used as a tool for reflection-a reminder of what she or he hopes to accomplish in life. An Aura Chart is a visual depiction of an individual's unique Akashic Record and represents a soul's lessons, attainments, failures and developments over many lifetimes. Cayce's unique approach to the Book of Revelation is that it is a symbolic exploration of archetypal images, patterns, and processes that correspond to the awakening of the Higher Self. It depicts not an external process related to world events but instead an internal one that portrays the struggles that occur within each individual as spiritual development takes place and the basic lower nature of humankind evolves to its higher spiritual nature. You will discover how these tools of symbolism can be used to cultivate your soul talents, to accomplish your mission in life, to overcome weaknesses, to enhance your soul memory, to remember your past lives and even as a means of personal attunement. Edgar Cayce on Soul Symbolism presents timely information on how symbolism can be used to understand yourself and even your connection to the divine. In addition, the volume contains examples of Life Seals and Aura Charts from the Cayce files, as well as two dictionaries of symbols for your easy reference.

There Is a River Thomas Sugrue,2015-03-03 A new edition of the landmark, worldwide bestseller on the life of the famed medical clairvoyant and founding father of the New Age: Edgar Cayce. Edgar Cayce (1877-1945) is known to millions today as the grandfather of the New Age. A medical clairvoyant, psychic, and Christian mystic, Cayce provided medical, psychological, and spiritual advice to thousands of people who swore by the effectiveness of his trance-based readings. But Cayce was not always a household name. When a young, skeptical journalist named Thomas Sugrue first met Cayce in 1927 the world had not yet heard of the sleeping prophet." During

years of unique access, Sugrue completed his landmark biography, which on its publication in 1942 brought national attention to Cayce and stands as the sole record written during the seer's lifetime. This edition includes a new introduction by historian Mitch Horowitz that highlights the enduring significance of Cayce's message and the role this book played in its dissemination.

Edgar Cayce on Soul Mates Kevin J. Todeschi, 1999 Is there really such a thing as soul mates? According to Edgar Cayce, yes. But his definition of soul mates, twin souls, and perfect partners may differ from what you're expecting. For decades, Cayce provided thousands of individuals with insights into the nature of their personal relationships, the dynamics of soul attraction, and the universal laws at work that draw individuals together. What is unique about Todeschi's book is that it explores the development of relationships over time, played out within the framework of reincarnation. In addition to discussing soul mate relationships, their connection to the cyclic pattern of reincarnation, and the nature of loneliness, this book looks at the fundamentals of soul attraction and provides contemporary examples of the same principles discussed by Cayce.

Beyond Death Edgar Cayce, 2007-12 Few visionaries have as detailed and expansive a vision of life beyond death as renowned psychic and seer Edgar Cayce. This latest book presents his discourses on life beyond the physical world. He reveals how our loved ones remain connected to us and may be communicated with. He helps us understand dreams of death and dying, dreams in which the dead appear or communicate. He explains the nature of our mind, its multi-levels, and how it may venture beyond physical consciousness even while we are incarnate. Of course, Cayce also presents his insights into reincarnation and how we souls travel together through many lifetimes, even with our pets. He explains how life is truly continuous, how the mind and soul never die. From his perspective, it is not a death, but only a transition to the other side and many realms of activity and learning, all leading to a realization of our ultimate

purpose for existence.

The Power of Your Mind Edgar Cayce, 2010-03 Edgar Cayce's rare mind tuned to the Universal Mind gives us extraordinary insights into the power of our own minds. In this fascinating book, Cayce illustrates how thoughts are things, that may become crimes or miracles in our lives. He explains how by changing our thinking patterns, we can change our life for the better. He also gives a unique view into our mind at sleep describing the influences motivating our dreams and visions, and showing us how to better interpret them. He clarifies why the dreaming mind is so much more important to us than we realize. He also addresses the need to move away from a too self-centered consciousness, opening up to a larger consciousness with powerful intuition and precognition.

Reincarnation and Its Link to the Akashic Records Sharon Bridwell, 2013-02-07 Master's Thesis from the year 2012 in the subject Theology - Miscellaneous, grade: A, , course: Master of Metaphysical Science - Reincarnation, language: English, abstract: There are many discussions and opinions on the topic of Reincarnation and its link to the Akashic records. First, this paper will examine myths as well as stated proof of reincarnation, as well as the proof of the existence of the Akashic Records or the abilities of people being able to access the Akashic records. Another goal of the paper is to show individuals as well as some religions including Christianity, that it is possible to find out for themselves that there is such as life after death, and how we as individuals can access information from higher realms. When this information is accessed it allows us to find evidence for ourselves that reincarnation happens to the soul, and that there is life after death. The paper then analyzes the myths and proofs of such existence of life after death and in the next section will discuss the Akashic records and the fact that they do exist and are accessible to each individual on the planet. This section will also bring together Reincarnation and the Akashic Records, revealing how past lives can be healed so that we may finally reach ascension. The last section of this paper will share why we must go beyond religion, which limits our understanding. We must understand that when we find truth we find God, by going within ourselves. We can then see how the human mind with all its limitations keep us from the wide and broad Mind of God. When we truly realize we are both physical and spiritual beings with a body that will eventually die and a soul that will live forever because it is a part of God, we can begin to understand the truths of Reincarnation and its link to the Akashic records. Because of the fact that we are physical and spiritual beings, we have two sets of senses. There are the five senses which connect us to this world; these include taste, touch, smell, hearing and touch. There are other senses which connect us to the spiritual world, including intuition, dreams, visions and our psychic abilities.

Edgar Cayce on Reincarnation and Family Karma Kevin J. Todeschi, 2011-01-14 Life is a completely lawful experience because of the universal laws of reincarnation and karma that draw individuals together. Rather than being some type of unavoidable destiny or a fate about which we can do very little, the Edgar Cayce material instead sees karma as essentially an unconscious reservoir of information stored within the soul's memory. Although this memory may draw certain events and individuals to one another, personal free will and the way in which an individual responds to that memory determines her or his actual life experiences. Drawing upon contemporary family relationships, as well as family relationships for individuals who received guidance from Edgar Cayce, this insightful volume examines the activities of reincarnation and karma, especially as they play out in the dynamics of family relationships. All individuals are brought together within their respective families as a means of learning specific lessons and having opportunities for personal soul growth. In addition to examining the universal laws of reincarnation and karma, this book illustrates the lawfulness of life, the exacting nature of individual responsibility, and the ever-present hopefulness of personal free will. In the end, Edgar Cayce on

Reincarnation and Family Karma makes an enormous contribution to demonstrating that life is a completely lawful experience, that individuals can overcome whatever karmic lessons they seem to be faced with, that free will is completely free, and that God is truly as fair and as loving as we have always wished for our Creator to be.
