15 Success Habits of Bishop David Oyedepo Daniel C. Okpara,2016-07-30 In 2005, I resigned as a full-time pastor of a church and relocated to Lagos, Nigeria, with one mission in mind: To observe and study the life of Bishop David Oyedepo, resident Bishop of Faith Tabernacle, Ogun State, Nigeria, the Largest Single Church in the world, according to Guinness Book of Records What I share with you in this book is a summary of what I have learned from the life and ministry of Bishop Dr. David O. Oyedepo in this last 10 years. It's been a long journey, but suffice it say that I have enjoyed every bit of it. Like all men of great influence, Bishop Oyedepo, has been analysed in the public domain and given different names by different people. However, I believe that no man actually rises to the top by making mistakes. People only rise to the top by doing the right things over a long period of time. In this book, I share with you the success habits and secrets of one of the greatest leaders of Charismatic revival on earth today...Bishop David Olaniyan Oyedepo May we all fulfill the purpose for which we are born.

Godly Wisdom for a Pastor's Wife Oyenike Areogun,2012-09 ABOUT THE BOOK *Godly Wisdom for a Pastor's Wife* is a perennial best seller and healing balm for all the women that are married to pastors and ministers of God. As the pastor was called, so also the wife of the pastor is called to stand by her husband to fulfil the call of God upon his life. This book outlines from the Bible the sacrifices, work, and the development necessary to fulfil that role without losing out in the overall scheme that God is working on the earth through herself and her husband. This book is a must-read for every Pastor's wife and soon-to-be Pastor's wife. If your man is in any level of ministry, this book will make you a blessing of immense value in your generation.

Marriage Covenant Faith A. Oyedepo,1988 Perspectives are very important; and no institution has been as much a victim of negative perspectives as the marriage institution. However, in this re-edited and expanded edition, Mrs. Faith A. Oyedepo, a well known marriage counsellor, comes up with more insight into the marriage institution. Very convincingly, this book corrects all the wrong-headed views on marriage and concludes that: Marriage is Gold.However, like every precious metal,

time and other resources must be invested to dig it out. This book will heal your home of heartaches, fears and anxiety which have torn many marriages apart. You have in your hand a God-sent instrument to successfully build your marriage hitherto considered only a necessary evil.

The Language of Faith in Southern Africa: Spirit World, Power, Community, Holism Hermen Kroesbergen,2019-12-12 The aim of this book is to provide a way to do justice to an African language of faith. In systematic theology, anthropology and philosophy of religion, similar debates about how to interpret an African language of faith are ongoing. Trying to avoid the [othering] discourses of past generations, scholars are careful to take seriously what people in Africa say without portraying people's beliefs as weird or backward. Yet, in their desperate attempts to avoid othering, these theologians, anthropologists and philosophers often painfully misconstrue the language of faith in Africa. Understanding the language of faith in Southern Africa is not an easy task. How should we take seriously the form of language that often seems so strange and different? I argue that, after African inculturation theology and black liberation theology, a better way to make sense of being a Christian in Southern Africa is to pay close attention to people's language of faith. The way in which people speak of the spirit world or powers in Africa appears strange to outsiders, and the sense of community and the holistic worldview differentiates the African way of life from its Euro-American counterparts. When proper attention is paid to the use of concepts like spirit world, power, community and holism, language of faith in Southern Africa is neither as strange as it may seem, nor as romantic. By investigating these distinguishing concepts that colour language of faith in Southern Africa, this book contributes to future projects of both fellow theologians who try to construct a contemporary African theology and those who are interested in theology in Africa given the well-known southward shift of the centre of gravity of Christianity.

Internationalisation of African Higher Education Chika Sehoole,Jane Knight,2013-10-30 The role of higher education, especially the international dimension, is given little importance in the discourse on achieving the Millennium Development Goals (MDGs) in Africa. This book aims to change that. The potential of higher education's contribution to Africa's development remains unrealized and often misunderstood. In today's globalised world, which prioritises economic growth through liberalised trade and competitive market strategies, much emphasis has been placed on higher education's ability to produce graduates to serve the labour market and produce new knowledge for the knowledge economy. While these are important contributions, the book argues that international higher education and new knowledge must go beyond economic purposes and serve the human and social development needs of the continent. It is against this background that the African Network for the Internationalisation of Education (ANIE) undertook research on the international dimension of higher education in Africa and its role in the achievement of the MDGs. Through empirical research, seven case studies address how international and regional higher education programmes and policies in African universities can address MDG priorities of promoting gender equality and women's empowerment, combating HIV/AIDS and establishing global partnerships for development through academic mobility, joint research initiatives, curriculum innovation and policy development.

Women in the Yoruba Religious Sphere Oyeronke Olajubu,2012-02-01 Drawing on a wide range of oral and written sources, this book shows that women occupy a central place in the religious worldview and life of the Yoruba people and shows how men and women engage in mutually beneficial roles in the Yoruba religious sphere. It explores how gender issues play out in two Yoruba religious traditions—indigenous religion and Christianity in Southwestern Nigeria. Rather than shy

away from illuminating the tensions between the prominent roles of Yoruba women in religion and their perceived marginalization, author Oyeronke Olajubu underscores how Yoruba women have challenged marginalization in ways unprecedented in other world religions.

What Do Science, Technology, and Innovation Mean from Africa? Clapperton Chakanetsa Mavhunga, 2017-06-16 Explorations of science, technology, and innovation in Africa not as the product of “technology transfer” from elsewhere but as the working of African knowledge. In the STI literature, Africa has often been regarded as a recipient of science, technology, and innovation rather than a maker of them. In this book, scholars from a range of disciplines show that STI in Africa is not merely the product of “technology transfer” from elsewhere but the working of African knowledge. Their contributions focus on African ways of looking, meaning-making, and creating. The chapter authors see Africans as intellectual agents whose perspectives constitute authoritative knowledge and whose strategic deployment of both endogenous and inbound things represents an African-centered notion of STI. “Things do not (always) mean the same from everywhere,” observes Clapperton Chakanetsa Mavhunga, the volume's editor. Western, colonialist definitions of STI are not universalizable. The contributors discuss topics that include the trivialization of indigenous knowledge under colonialism; the creative labor of chimurenga, the transformation of everyday surroundings into military infrastructure; the role of enslaved Africans in America as innovators and synthesizers; the African ethos of “fixing”; the constitutive appropriation that makes mobile technologies African; and an African innovation strategy that builds on domestic capacities. The contributions describe an Africa that is creative, technological, and scientific, showing that African STI is the latest iteration of a long process of accumulative, multicultural knowledge production. Contributors Geri Augusto, Shadreck Chirikure, Chux Daniels, Ron Eglash, Ellen Foster, Garrick E. Louis, D. A. Masolo, Clapperton Chakanetsa Mavhunga, Neda Nazemi, Toluwalogo Odumosu, Katrien Pype, Scott Remer
