The Figure of Christ in the Long Nineteenth Century Elizabeth Ludlow, 2020-07-17 This book is an interdisciplinary collection of essays that explores the variety of ways in which the interface between understanding the figure of Christ, the place of the cross, and the contours of lived experience, was articulated through the long nineteenth century. Collectively, the chapters respond to the theological turn in postmodern thought by asking vital questions about the way in which representations of Christ shape understandings of personhood and of the divine.

The Complete, Annotated Secret of Chimneys Agatha Christie, Bill Peschel, Romance, politics, mystery, and murder collide at a British country home In this lengthy annotated edition of the classic Agatha Christie novel, adventurer Anthony Cade returns to Britain to deliver a politician's memoirs and to rescue a woman from a blackmailing scheme. But when he arrives, he finds himself enmeshed in international intrigue and murder. The answer to these mysteries, as well as his pursuit of a beautiful spirited woman leads him to Chimneys, the country home. There, another murder puts him in the middle of the investigation that will require all of his wits and intelligence to keep him from the gallows. Meanwhile, the forces of Scotland Yard and the French Sûreté converge on Chimneys in pursuit of a master criminal, a missing British crown jewel, and the ultimate *Secret of Chimneys*. Published in 1925, "The Secret of Chimneys" was hailed as "a capital detective story," "bright and cleverly written" and "an engrossing and entertaining yarn." This new annotated edition, edited by Bill Peschel comes more than 30,000 words in footnotes and essays that delves into the background of the story and the life of its author. Learn about Abney Hall, the inspiration of all of Christie's country homes, the real-life manor where major Hollywood productions are filmed, and the life of Agatha Christie during her most happiest time, before it all fell apart. "The Complete, Annotated Secret of Chimneys," the fifth book in Peschel Press' Complete, Annotated series, will entertain, educate, and enlighten you. You'll see an Agatha Christie at her wittiest and in a way you've never seen her before.

Heart Beats Catherine Robson,2012 Many people in Great Britain and the United States can recall elderly relatives who remembered long stretches of verse learned at school decades earlier, yet most of us were never required to recite in class. Heart Beats is the first book to examine how poetry recitation came to assume a central place in past curricular programs, and to investigate when and why the once-mandatory exercise declined. Telling the story of a lost pedagogical practice and its wide-ranging effects on two sides of the Atlantic, Catherine Robson explores how recitation altered the ordinary people who committed poems to heart, and changed the worlds in which they lived. Heart Beats begins by investigating recitation's progress within British and American public educational systems over the course of the nineteenth and twentieth centuries, and weighs the factors that influenced which poems were most frequently assigned. Robson then scrutinizes the recitational fortunes of three short works that were once classroom classics: Felicia Hemans's *Casabianca*, Thomas Gray's *Elegy Written in a Country Churchyard*, and Charles Wolfe's *Burial of Sir John Moore after Corunna*. To conclude, the book considers W. E. Henley's *Invictus* and Rudyard Kipling's *If--*, asking why the idea of the memorized poem arouses such different responses in the United States and Great Britain today. Focusing on vital connections between poems, individuals, and their communities, Heart Beats is an important study of the history and power of memorized poetry.

The Political Poetess Tricia Lootens,2019-12-03 The Political Poetess challenges familiar accounts of the figure of the

nineteenth-century Poetess, offering new readings of Poetess performance and criticism. In performing the Poetry of Woman, the mythic Poetess has long staked her claims as a creature of separate spheres—one exempt from emerging readings of nineteenth-century women's political poetics. Turning such assumptions on their heads, Tricia Lootens models a nineteenth-century domestic or private sphere whose imaginary, apolitical heart is also the heart of nation and empire, and, as revisionist histories increasingly attest, is traumatized and haunted by histories of slavery. Setting aside late Victorian attempts to forget the unfulfilled, sentimental promises of early antislavery victories, *The Political Poetess* restores Poetess performances like Julia Ward Howe's "Battle Hymn of the Republic" and Emma Lazarus's "The New Colossus" to view—and with them, the vitality of the Black Poetess within African-American public life. Crossing boundaries of nation, period, and discipline to "connect the dots" of Poetess performance, Lootens demonstrates how new histories and ways of reading position poetic texts by Felicia Dorothea Hemans, Elizabeth Barrett Browning, Dinah Mulock Craik, George Eliot, and Frances E. W. Harper as convergence points for larger engagements ranging from Germaine de Staël to G.W.F. Hegel, Virginia Woolf, Elizabeth Bishop, Alice Walker, and beyond.
