Rick Stein's Spain Rick Stein,2011-10-31 'I've wanted to make a series in Spain for a long time. I love Spanish food, I've been going there since I was a young boy - but until quite recently I don't think people really took the food seriously. Thanks to a handful of really dedicated Spanish chefs and a growing enthusiasm for its rugged flavours, that has all begun to change. To me the underlying point of journeying to Spain would be to discover the 'duende' in the cooking. By that I mean a sense of soul, of authenticity. The word is normally used in flamenco but I think it could be equally applied to the art of Spanish cooking because to my mind, in really good food, there is a communication between the cook and diner that amounts to art.' Rick Stein In his beautifully designed and illustrated cookbook to accompany a major BBC2, 4-part series, Rick has selected over 140 recipes that capture the authentic taste of Spain today. Spain is a country that tantalises every sense with its colourful sights, evocative music, vibrant traditions and bold cookery. Spanish cooking has a rich history, with flavours reflecting a broad range of cultural influences. Rick samples his way through the specialties and hidden treats of each region, taking in the changing landscape from the mountainous northern regions through the Spanish plains to Mediterranean beaches. With over 100 Spanish recipes and location photographs, this is an essential cookbook for food-lovers as well as a stunning culinary guide to a diverse country.

Culinary Turn Nicolaj van der Meulen,Jörg Wiesel,Anneli Käsmayr,2017 Kitchen, cooking, nutrition, and eating have become omnipresent cultural topics. They stand at the center of design, gastronomy, nutrition science, and agriculture. Artists have appropriated cooking as an aesthetic practice - in turn, cooks are adapting the staging practices that go with an artistic self-image. This development is accompanied by a philosophy of cooking as a speculative cultural technique. This volume investigates the dimensions of a new culinary turn, combining for the very first time contributions from the theory and practice of cooking.

In an intimate narrative rich with personal experience, the author leads readers into a world of new ideas, tastes, ingredients, and techniques.

The Autoimmune Wellness Handbook Mickey Trescott, Angie Alt, 2016-11-01 The way autoimmune disease is viewed and treated is undergoing a major change as an estimated 50 million Americans (and growing) suffer from these conditions. For many patients, the key to true wellness is in holistic treatment, although they might not know how to begin their journey to total recovery. The Autoimmune Wellness Handbook, from Mickey Trescott and Angie Alt of Autoimmune-Paleo.com, is a comprehensive guide to living healthfully with autoimmune disease. While conventional medicine is limited to medication or even surgical fixes, Trescott and Alt introduce a complementary solution that focuses on seven key steps to recovery: inform, collaborate, nourish, rest, breathe, move, and connect. Each step demystifies the process to reclaim total mind and body health. With five autoimmune conditions between them, Trescott and Alt have achieved astounding results using the premises laid out in the book. The Autoimmune Wellness Handbook goes well beyond nutrition and provides the missing link so that you can get back to living a vibrant, healthy life.
