

The Handbook Of International Humanitarian Law

Jean-Marie Henckaerts, Carolin Alvermann, Comité international de la Croix-Rouge

The Handbook of International Humanitarian Law Dieter Fleck, Michael Bothe, 2008 Rev. ed. of : Handbook of humanitarian law in armed conflicts. 1999.

The Handbook of International Humanitarian Law Michael Bothe, 2013-08-29 The third edition of this work sets out a comprehensive and analytical manual of international humanitarian law, accompanied by case analysis and extensive explanatory commentary by a team of distinguished and internationally renowned experts.

The Oxford Handbook of International Law in Armed Conflict Andrew Clapham, Paola Gaeta, 2014-03 Written by a team of distinguished and internationally renowned experts, this Oxford Handbook gives an analytical overview of international law as it applies in armed conflicts. The Handbook draws on international humanitarian law, human rights law, and the law of neutrality to provide a comprehensive picture of the status of law in war.

The Handbook of Humanitarian Law in Armed Conflicts Dieter Fleck, Michael Bothe, 1999 This book offers the most authoritative commentary and analysis of international humanitarian law applicable in armed conflict available. It is based upon the Joint Service Regulation for the German Ministry of Defence, augmented with extensive international references, and accompanied by commentary by a team of distinguished and internationally renowned experts. Whilst the past decades have seen consistent development of international law applicable in armed conflict, culminating in a series of International Covenants and Protocols, world events in recent years have made reassessment of the law both a timely and topical concern. This Handbook available for the first time in paperback will serve as an indispensable reference source for practising lawyers and academics working in the field of international humanitarian law and for military personnel worldwide.

The Oxford Guide to International Humanitarian Law Ben Saul, Dapo Akande, 2020-05-07 International humanitarian law is the law that governs the conduct of participants during armed conflict. This branch of law aims to regulate the means and methods of warfare as well as to provide protections to those who do not, or who no longer, take part in the hostilities. It is one of the oldest branches of international law and one of enduring relevance today. The Oxford Guide to International Humanitarian Law provides a practical yet sophisticated overview of this important area of law. Written by a stellar line up of contributors, drawn from those who not only have extensive practical experience but who are also regarded as leading scholars of the subject, the text offers a comprehensive and authoritative exposition of the field. The Guide provides

professionals and advanced students with information and analysis of sufficient depth to enable them to perform their tasks with understanding and confidence. Each chapter illuminates how the law applies in practice, but does not shy away from the important conceptual issues that underpin how the law has developed. It will serve as a first port of call and a regular reference work for those interested in international humanitarian law.

The Practical Guide to Humanitarian Law Françoise Bouchet-Saulnier, 2013-12-12 Now in a comprehensively updated edition, this indispensable handbook analyzes how international humanitarian law has evolved in the face of these many new challenges. Central concerns include the war on terror, new forms of armed conflict and humanitarian action, the emergence of international criminal justice, and the reshaping of fundamental rules and consensus in a multipolar world. The Practical Guide to Humanitarian Law provides the precise meaning and content for over 200 terms such as terrorism, refugee, genocide, armed conflict, protection, peacekeeping, torture, and private military companies—words that the media has introduced into everyday conversation, yet whose legal and political meanings are often obscure. The Guide definitively explains the terms, concepts, and rules of humanitarian law in accessible and reader-friendly alphabetical entries. Written from the perspective of victims and those who provide assistance to them, the Guide outlines the dangers, spells out the law, and points the way toward dealing with violations of the law. Entries are complemented by analysis of the decisions of relevant courts; detailed bibliographic references; addresses, phone numbers, and Internet links to the organizations presented; a thematic index; and an up-to-date list of the status of ratification of more than thirty international conventions and treaties concerning humanitarian law, human rights, refugee law, and international criminal law. This unprecedented work is an invaluable reference for policy makers and opinion leaders, students, relief workers, and members of humanitarian organizations. Published in cooperation with Doctors Without Borders/Médecins Sans Frontières.

Research Handbook on Human Rights and Humanitarian Law Kolb, Robert, Gaggioli, Gloria, Kilibarda, Pavle, 2022-05-03 Transport Economics is a revised and refined fourth edition of a well-established textbook which applies economic analysis to transport issues. Each chapter has been carefully reworked and includes new material dealing with the regulation of transport markets. To assist in pedagogy, twenty or so free standing 'Exhibits' now provide a variety of case studies and narratives to supplement the text. More up-to-date examples and illustrations also make the understanding of economic principles easier and assist in the assimilation of economic concepts.

The Sources of International Law Hugh Thirlway, 2014-02 Because of its unique nature, the sources of international law are not always easy to identify and interpret. This book provides an ideal introduction to these sources for anyone needing to better understand where international law comes from. As well as looking at treaties and custom, the book will look at more modern and controversial sources.

International Humanitarian Law Marco Sassòli, 2024-02-12 In this thoroughly updated second edition of what has

quickly become the definitive text in the field of international humanitarian law (IHL), leading expert Marco Sassòli evaluates the application of IHL, the way in which hostilities should be conducted against an adversary, and the pertinence of traditional distinctions, such as that between international and non-international armed conflicts.

Customary International Humanitarian Law Jean-Marie Henckaerts, Carolin Alvermann, Comité international de la Croix-Rouge, 2005-03-03 Customary International Humanitarian Law, Volume I: Rules is a comprehensive analysis of the customary rules of international humanitarian law applicable in international and non-international armed conflicts. In the absence of ratifications of important treaties in this area, this is clearly a publication of major importance, carried out at the express request of the international community. In so doing, this study identifies the common core of international humanitarian law binding on all parties to all armed conflicts. Comment Don:RWI.

Routledge Handbook of the Law of Armed Conflict Rain Liivoja, Tim McCormack, 2016-04-28 The law of armed conflict is a key element of the global legal order yet it finds itself in a state of flux created by the changing nature of warfare and the influences of other branches of international law. The Routledge Handbook of the Law of Armed Conflict provides a unique perspective on the field covering all the key aspects of the law as well as identifying developing and often contentious areas of interest. The handbook will feature original pieces by international experts in the field, including academics, staff of relevant NGOs and (former) members of the armed forces. Made up of six parts in order to offer a comprehensive overview of the field, the structure of the handbook is as follows: Part I: Fundamentals Part II: Principle of distinction Part III: Means and methods of warfare Part IV: Special protection regimes Part V: Compliance and enforcement Part VI: Some contemporary issues Throughout the book, attention is paid to non-international conflicts as well as international conflicts with acknowledgement of the differences. The contributors also consider the relationship between the law of armed conflict and human rights law, looking at how the various rules and principles of human rights law interact with specific rules and principles of international humanitarian law in particular circumstances. The Routledge Handbook of the Law of Armed Conflict provides a fresh take on the contemporary laws of war and is written for advanced level students, academics, researchers, NGOs and policy-makers with an interest in the field.

Routledge Handbook of the Law of Armed Conflict Rain Liivoja, Tim McCormack, 2016-04-28 The law of armed conflict is a key element of the global legal order yet it finds itself in a state of flux created by the changing nature of warfare and the influences of other branches of international law. The Routledge Handbook of the Law of Armed Conflict provides a unique perspective on the field covering all the key aspects of the law as well as identifying developing and often contentious areas of interest. The handbook will feature original pieces by international experts in the field, including academics, staff of relevant NGOs and (former) members of the armed forces. Made up of six parts in order to offer a comprehensive overview of the field, the structure of the handbook is as follows: Part I: Fundamentals Part II: Principle of distinction Part III: Means and

methods of warfare Part IV: Special protection regimes Part V: Compliance and enforcement Part VI: Some contemporary issues Throughout the book, attention is paid to non-international conflicts as well as international conflicts with acknowledgement of the differences. The contributors also consider the relationship between the law of armed conflict and human rights law, looking at how the various rules and principles of human rights law interact with specific rules and principles of international humanitarian law in particular circumstances. The Routledge Handbook of the Law of Armed Conflict provides a fresh take on the contemporary laws of war and is written for advanced level students, academics, researchers, NGOs and policy-makers with an interest in the field.

Research Handbook on Human Rights and Humanitarian Law Robert Kolb, Gloria Gaggioli, 2013-01-01 'This volume by Robert Kolb and Gloria Gaggioli, contributed by some of the most renowned experts in the field, devotes an impressive amount of legal analysis to the most diverse aspects of the interplay between international humanitarian law and international human rights law in situations of violence, in theory and practice. It is bound to become an indispensable tool for scholars and practitioners alike.' Marco Pedrazzi, University of Milan, Italy This fascinating Handbook explores the interplay between international human rights law and international humanitarian law, offering expert analysis on the increasingly complex issues surrounding their application in conflict areas across the world. Contributors to this volume provide a comprehensive treatment of the ongoing relationship between human rights law and humanitarian law, from the historical background and origins of the two bodies of law to their various applications today. Divided into four parts Historical Background, Common Issues, The Need for a Combined Approach, and Monitoring Mechanisms the Handbook presents a rich and varied spectrum of original research and thought from some of the brightest minds in the field. This groundbreaking volume will surely have great appeal for anyone with a professional or academic interest in human rights law and humanitarian law, from students to professors to practitioners in the field.

International Humanitarian Law Marco Sassòli, 2019 International humanitarian law (IHL) protects persons and property affected by armed conflicts. Focusing on the controversies that impact IHL in practice, this much-anticipated book from leading expert Marco Sassòli discusses when IHL applies, its substantive rules, how to ensure its respect and whether the traditional distinction between international and non-international armed conflicts remains relevant.

The Nature of International Humanitarian Law Anne Quintin, 2020-09-25 This illuminating book explores the nature of international humanitarian law (IHL), so doing by asking whether it should be seen as a permissive or a restrictive regime. An experienced lawyer in the field, Anne Quintin offers an in-depth expert analysis of this highly debated topic, revealing the true nature of IHL and concluding that whilst IHL initially developed as a restrictive regime composed of prohibitions and prescriptions, it nevertheless contains within it rare permissions that allow states to act.

Principles of International Humanitarian Law Jonathan Crowe, Kylie Weston-Scheuber, 2013-01-01 This is a concise

and nuanced overview of International Humanitarian Law (IHL). The structure is unusual. While the book reflects the state of the law with accuracy and sobriety, it nevertheless shows the idealist and philosophical ambitions of the authors. Legal issues are often discussed within a wider moral and ethical context. The authors add many basics on human rights and the enforcement of international law, which are not directly relevant for IHL, but ensure the reader understands the wider picture. Ò Đ Marco Sass~li, University of Geneva, Switzerland This book provides a clear and concise explanation of the central principles of international humanitarian law (or the law of armed conflict) while situating them in a broader philosophical, ethical and legal context. The authors consider a range of wider issues relevant to international humanitarian law, including its ethical foundations, relationship to other bodies of international law and contemporary modes of enforcement. This helps to develop a richer context for understanding the law of war and a sound basis for examining the changing nature of contemporary armed conflict. The book also discusses important recent decisions by international courts and tribunals, tracks the historical development of humanitarian principles in warfare and considers the legal position of states, individuals and non-state groups. Principles of International Humanitarian Law is an important resource for students of international humanitarian law and International law academics, as well as international humanitarian law practitioners.

The Handbook of the International Law of Military Operations Terry D. Gill, Dieter Fleck, 2015 Based on best-practice rules of global importance, this handbook offers authoritative commentary and analysis of the international law of military operations, encompassing self-defence, peace operations, and other uses of force.

Advanced Introduction to International Humanitarian Law Robert Kolb, 2014-12-31 This innovative book provides a thought-provoking introduction to international humanitarian law. Robert Kolb explores the field through questions _ which are at times challenging and controversial _ in order to get to the very essence of the subject a

The Law of Armed Conflict Gary D. Solis, 2016-04-18 This book introduces students to the essential questions of the law of armed conflict and international humanitarian law.

Law-Making and Legitimacy in International Humanitarian Law Püschmann, Jonas, 2021-10-19 International Humanitarian Law (IHL) is in a state of some turbulence, as a result of, among other things, non-international armed conflicts, terrorist threats and the rise of new technologies. This incisive book observes that while states appear to be reluctant to act as agents of change, informal methods of law-making are flourishing. Illustrating that not only courts, but various non-state actors, push for legal developments, this timely work offers an insight into the causes of this somewhat ambivalent state of IHL by focusing attention on both the legitimacy of law-making processes and the actors involved.

The Handbook Of International Humanitarian Law Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free The Handbook Of International Humanitarian Law PDF books and manuals is the internets largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education

and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free The Handbook Of International Humanitarian Law PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free

downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of The Handbook Of International Humanitarian Law free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About The Handbook Of International Humanitarian Law Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make

sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. The Handbook Of International Humanitarian Law is one of the best book in our library for free trial. We provide copy of The Handbook Of International Humanitarian Law in digital format, so the resources that you find are reliable. There are also many Ebooks of related with The Handbook Of International Humanitarian Law. Where to download The Handbook Of International Humanitarian Law online for free? Are you looking for The Handbook Of International Humanitarian Law PDF? This is definitely going to save you time and cash in something you should think about.
